FOR IMMEDIATE RELEASE

Night Closure for I-80 Eastbound Lanes in Solano County

Solano County - The California Department of Transportation (Caltrans) will on Monday, September 15 close three eastbound lanes between the American Canyon Overcrossing and the Green Valley Creek on Interstate 80.

The night closure from 8 p.m. through 5 a.m. is to enable pavement rehabilitation and shoulder-widening work on that section of Interstate 80.

No major traffic impacts are expected during this closure but motorists are advised that traffic fines are doubled in construction zones.

The work being done will provide a smoother and safer commute for motorists. It is estimated to be completed in December 2009.

Caltrans is rehabilitating 27 miles of pavement on Interstate 80 from Tennessee Street in Vallejo to Leisure Town in Vacaville. The result will be a much smoother, quieter ride for about 150,000 motorists who use this vital roadway every day. These projects will address the pavement conditions, congestion, and will enhance safety and operations.

Please "Slow For The Cone Zone."
